Dear Mr Murdoch

**Re: Amended Mining Management Plan Approval**

I refer to your amended Mining Management Plan (MMP) for the Mount Todd Mine Project submitted on 12 August 2020<sup>1</sup>. The MMP has been assessed and is determined to meet the requirements of Section 40 of the *Mining Management Act 2001* (the Act). In accordance with Section 41(4) your MMP has been approved.

The security referred to in condition 11 of the schedule of Authorisation 0331-04 has been reassessed and is determined to remain unchanged from your previous approval, therefore no additional security amount is required to be paid.

I also refer to condition 10 of the schedule of Authorisation 0331-04 which requires the operator to make the MMP, with the agreed confidential and/or commercial in confidence information removed, available to the public. To fulfil this requirement, within 14 days from the date of this letter, please either:

- submit to the department for inclusion on the department's website, a website link to the MMP on your website; or
- advise the department if you are unable to make the MMP available to the public on your company website. The MMP will then be published on the department's website.

Please contact Andrew Scott on (08) 8999 5385 or via e-mail at [mineral.info@nt.gov.au](mailto:mineral.info@nt.gov.au) if you require any further information regarding this issue.

Yours sincerely

Roslyn Vulcano
