## Vista Gold welcomes NT Government's Major Project Status for Mt Todd Gold Project

11 April 2013

The Northern Territory Government has today announced that it has awarded Major Project Status to the Mt Todd gold project.

Frederick H. Earnest, President and CEO of Vista Gold Corp. stated that he was extremely pleased with the Northern Territory Government's continued support for the redevelopment of the Mt. Todd gold project and the Minister's announcement of Major Project Status.

"Vista Gold welcomes the Government's continued focus on the Mt. Todd project and commitment to regional development in the Katherine region.

Areas of shared interest – such as community engagement and development or environmental stewardship – will now be handled at the highest level within the Northern Territory Government.

This decision recognises the significance of the project and its benefit to the future development of the Northern Territory," he said.
